

**NWG Business Limited**  
**Price Conditions for Transferred Customers for the Supply of Water and Sewerage Services**  
**Northumbrian Water area**

These Price Conditions are an annex to the Scheme of Terms and Conditions for Transferred Customers and should be read alongside that document.

These Price Conditions set out the charges that apply to Transferred Premises in the Northumbrian Water area of Northumbrian Water Limited.

Each Transferred Premises will be charged for the combination of services provided to that premises.

- Primary charges will be applied for each day each Transferred Premises is occupied.
  - The charges show the amount charged for premises in the Northumbrian Water area for the supply of water and sewerage services (wholesale) and the amount charged for customer accounts, contact, billing and meter reading (retail). The total amount charged is shown in the "Customer" column.
- Non-Primary Charges are ad-hoc services and will be charged when that service is provided.

These Price Conditions come into effect on 1 April 2017.

## **2. NON-PRIMARY CHARGES**

---

### **2.1 CONDITIONS APPLYING TO NON-PRIMARY CHARGES**

- (1) Some of these non-primary activities may be carried out by the wholesaler provider of water services. Any reference to "Northumbrian Water" in this section means that Northumbrian Water will carry out the activity as the wholesaler.
- (2) The standard charges quoted apply for works carried out during normal working hours on normal working days under standard conditions. For works carried out outside normal working hours, charges may be made on the basis of actual costs, provided the applicant is notified accordingly prior to commencement of the work or on the basis of any published specific out of hours charges.
- (3) Payments for charges in this section may be required in advance.
- (4) All charges published in this section exclude VAT unless specified otherwise. VAT will be added to the published charge at the appropriate rate where required.
- (5) Additional charges may be made for traffic management expenses as required under the Traffic Management Act 2004.

### **2.2 CHARGES FOR ADDITIONAL SERVICES**

- (6) In respect of any service performed, facility provided or right made available for which a charge is not applicable elsewhere in this scheme, including CCTV surveys, provision of information and advice, drain cleaning and drainage enquiries, appropriate charges may be made, having regard to the cost of performing the service, providing the facility or making the right available. Payment of such charges may be required in advance, unless specified to the contrary.
- (7) Where it has not been possible to carry out a visit to site due to action or inaction by you, the customer, charges made be made to cover the costs of the failed visit.
- (8) Additional costs will be recovered for any visit requiring additional resource or materials.
- (9) Any service request not included in these non-primary charges may be quoted for separately.

### **2.3 ATTENDANCE ON SITE BY NORTHUMBRIAN WATER TECHNICIANS AT CUSTOMER REQUEST**

#### **2.3.1 TECHNICIAN CALL OUT CHARGE**

- (10) When a customer requests attendance on site by a Northumbrian Water technician for whatever purpose, a charge will be made.
- (11) There will be a charge for any activity requested that is not related to a fault on Northumbrian Water apparatus.
- (12) Charges per visit are as follows:
  - a. During Normal Working Hours (07:30-16:00 Mon-Fri only):
    - i. Minimum of one hour (inclusive of travelling time to the incident): £59.67
  - b. Outside Normal Working Hours and Public Holidays:

i. Monday to Saturday 06:00-07:30 & 16:00-22:00, a 50% uplift to Normal Working Hours Rate will apply. Minimum of one hour (inclusive of travelling time to the incident):	£89.50
ii. Monday to Saturday 22:00-06:00 & Sundays and Bank Holidays, a 100% uplift to Normal Working Hours Rate will apply. Minimum of 2 hours (inclusive of travelling time to the incident):	£119.34
c. An additional hourly charge for each subsequent hour or part hour will be charged at the applicable rate:	
(13) If a repair team are subsequently required, all work carried out by them will be in addition to the Technician fixed charge above. This will be at actual cost inclusive of overheads, except where it is covered by the fixed cost work elsewhere in these charges (additional costs could include plant, equipment, hire charges, contractor charges, reinstatement of surfaces and fittings etc.).	At cost

## 2.4 SUPPLY PIPE CONNECTION & OTHER ATTENDANCE

### 2.4.1 CONNECTION OF CUSTOMER'S RE-LAID SUPPLY PIPE

(14) Where a supply pipe has been re-laid and a request is made to connect this pipe to the existing communication pipe at the highway boundary box a charge will be made as follows (the charge will not apply where a lead communication pipe is replaced at the same time as the customer's lead supply pipe).	
a. No excavation:	£118.41
b. No reinstatement:	£265.56
c. With reinstatement:	£343.23

### 2.4.2 OTHER ACTIVITIES

- (15) Attendance for commercial activities during normal working hours (tank filling, flow and pressure tests on the network, leakage advice etc.) will be charged at the rates shown in section 2.3.1.
- (16) In addition, any water used will be charged at the appropriate standard volume rate, on a pounds per cubic meter basis.

## 2.5 DAMAGE TO NORTHUMBRIAN WATER APPARATUS

(17) Where damage to Northumbrian Water apparatus has occurred, charges will be made to repair the equipment.	
(18) Repairs to Northumbrian Water apparatus will be carried out by Northumbrian Water staff or approved contractors.	
(19) All charges will be based on actual costs inclusive of overheads excepting where it is covered by the fixed cost work elsewhere in these charges (additional costs could include plant, equipment, hire charges, contractor charges, reinstatement of surfaces and fittings, etc.).	At cost

## 2.6 MANAGING TRADE EFFLUENT CONSENTS

### 2.6.1 NEW OR REVISED CONSENTS

(20)	Charge for determining new or revised consent conditions:	
a.	Without Special Category Effluent (Low Risk)	£213.73
b.	Without Special Category Effluent (Standard)	£441.67
c.	With Special Category Effluent or other significant parameter	At cost

### 2.6.2 SAMPLING

(21)	Resample charge	£114.93
------	-----------------	---------

### 2.6.3 ON SITE ADVICE

(22)	The provision of on-site trade effluent advice will be chargeable per hour, a minimum of one hour will apply:	£59.90
------	---------------------------------------------------------------------------------------------------------------	--------

## 2.7 CLEANING AND BLOCKAGE CLEARANCE OF PRIVATE DRAINS AND SEWERS

(23)	When Northumbrian Water cleans or removes blockages from private drains or sewers, they may make the following charges:	
a.	During normal working hours (07:00 – 20:00 Mon to Sat):	£117.59
b.	Outside normal working hours (20:00 – 07:00 Mon to Sat, Sundays and Bank Holidays):	£157.11
(24)	In exceptional circumstances, Northumbrian Water reserves the right to make additional charges.	At cost

## 2.8 CHARGES FOR METER RELATED ACTIVITIES

### 2.8.1 METER TESTING

(25)	A standard charge will be made, as set out below, where a meter test is carried out in accordance with the Water (Meters) Regulations 1988 (SI1988/1048 or subsequent amendments thereof), at the request of the customer and the meter on being tested falls within the prescribed limits of error.	
(26)	Such testing will normally require the removal of the meter from the customer's premises.	
a.	Meters up to 25mm	£127.74
b.	Meters from 26mm to 65mm	£153.29
c.	Meters from 66mm to 100mm	£194.16
d.	Meters from 101mm to 300mm	£306.57

- e. All other meters: At cost

In addition to the meter accuracy test the following charges will also be applied:

- A survey fee if an additional visit is required to exchange the meter
- The meter exchange fee is published within the schedule of rates at set out in the Northumbrian Water Wholesale Charges Scheme published on the wholesaler's website [www.nwl.co.uk](http://www.nwl.co.uk)

### 2.8.2 METER READINGS

(27) For any non-routine non-market meter readings carried out at the request of the customer:

- a. Privately owned meters: £26.05
- b. Northumbrian Water owned meters: £26.05

### 2.8.3 METER INSTALLATIONS

(28) Works relating to meters, which are owned by Northumbrian Water, will be carried out by Northumbrian Water and charged as set out in this section.

(29) Installation of a new meter in alternative locations to that defined by Northumbrian Water's meter policy: Quote

(30) Installation of a meter on an existing supply:

a. Refer to the schedule of rates at set out in the Northumbrian Water Wholesale Charges Scheme published on the wholesaler's website [www.nwl.co.uk](http://www.nwl.co.uk)

b. Other meter sizes not covered in the schedule of rates: At cost

The schedule is only for the installation of new meters or an exchange on a like-for-like basis. Meter relocations or exchanges for different meter models or sizes will be on a quotation basis due to the bespoke nature of the works.

Any works undertaken to this schedule of rates will attract a survey fee to enable the works to be planned unless the installation can be undertaken at the time of the survey.

### 2.8.4 ALL OTHER SITUATIONS

(31) All other situations for installation or modification of meters on existing supplies will be charged at cost/on a fixed price quotation basis that has previously been notified to the customer unless specified otherwise. At cost

### 2.8.5 CHANGE TO METER SIZES

(32) Reduction in meter size at customer's request: Price on Request

### 2.8.6 METER SURVEY CHARGE

(33) Charge for the survey of a meter installation: £131.44

### 2.8.7 INSPECTION OF A PRIVATE TRADE EFFLUENT METER

(34) Inspection of new private trade effluent or trade effluent & foul sewerage meter (per meter): £75.45

### 2.8.8 DATA LOGGER SERVICES

(35) Standard installation of a data-logger lead to a suitable meter (per lead): £124.48

(36) Disconnection of a data-logger (per lead): £75.45

(37) Investigative visit to check cable installation where no fault has been found: £75.45

(38) Supply & fit a meter pulse splitter cable: Quote

## 2.9 BILLING

(39) Payment by credit card

a. For all payments made by credit card a cost-reflective charge will be made.

(40) Consequence of Non-Payment of Account

a. Where payments fail and this requires intervention by us to resolve the payment, a charge will be made for this activity in the following cases:

i. Cheque payments that have to be referred back to the account holder: £17.05

ii. Unpaid Direct Debit / Credit Card transactions: £4.95

b. In certain cases where payments have not been made and access is required to a property to ensure that any disconnection allowed does not disconnect properties that cannot be disconnected a charge for the required warrant will be in accordance with the disconnection and reconnections fees set out below.

(41) Requests for non-standard bills

a. Where customers or their representatives request copies of bills and/or a statement of charges covering a number of previous charging periods, for example, for the purpose of completing returns to HMRC or providing information to accountants, charges may be made as follows:

i. Requests for copies of previously issued bills (up to 10 bills per charge): £16.45

ii. Statement of charges (per statement): £31.75

iii. Request for separate bills for water and sewerage services (per bill): At cost

## 2.10 VERIFICATION & INFORMATION SERVICES

(42)	Verification of Supply Point Details or Information, not requiring a site visit:	Free
(43)	Verification of Supply Point Details or Information, requiring a site visit:	£88.22

## 2.11 DISCONNECTIONS & RECONNECTIONS

(44)	With respect to disconnections and reconnections the following apply:	
	<ul style="list-style-type: none"> <li>• Temporary disconnection – Isolation of the supply from the network by the operation of an existing stop-valve.</li> <li>• Permanent disconnection – Disconnection of the supply pipe from the network by the physical removal of a section of pipe and capping the live supply as close as practicable to the distribution main or the appropriate branch to another premise's supply pipe. Once a premise is permanently disconnected an application for a new supply will be required for reconnection.</li> <li>• Standard disconnection or reconnection – The operation of a stop-valve requiring only a single resource, no street-works or traffic management and where access is possible and/or has not been refused.</li> <li>• Non-standard disconnection – Any connection that is not standard.</li> </ul>	
	a. Survey charge – applicable where a pre-visit is required to provide a quotation for a non-standard disconnection:	£131.44
	b. Standard temporary disconnection (operation of stop-valve):	£97.35
	c. Non-standard temporary disconnection:	Quote
	d. Standard reconnection (operation of stop-valve):	£97.35
	e. Non-standard reconnection:	Quote
	f. Permanent disconnection:	Quote
	<p>Court charges will be payable where a magistrates forced entry warrant is required. An additional charge will be applied if us or Northumbrian Water are required to attend court to acquire the warrant. Where a disconnection is carried out under a warrant all costs incurred will be recovered including associated services (e.g. locksmith etc).</p>	
	g. Court charge in respect of obtaining magistrates forced entry warrant:	£22.89
	h. Arranging acquisition of magistrates forced entry warrant:	£101.93
	i. Disconnection undertaken with magistrates forced entry warrant:	At cost
	j. Charges will also be made to recover costs for any associated legal activity with respect to disconnection works.	

## 2.12 LEAD SERVICE PIPES

- |      |                                                                                                                                   |           |
|------|-----------------------------------------------------------------------------------------------------------------------------------|-----------|
| (45) | Replacement of Northumbrian Water's lead communication pipe in association with a customer replacement of their lead supply pipe: | No charge |
| (46) | Replacement of a customer's lead supply pipe:                                                                                     | Quote     |

## 2.13 OTHER SERVICES

- (47) Other services as listed below are available from Northumbrian Water. Charges for these services:
- will be made according to the wholesaler charges;
  - are available on request;
  - can be found on the Northumbrian Water website in a document entitled: "Charges relating to Other Services".
- (48) The available other services are:
- a. Meter standpipes
  - b. Supply of water from Northumbrian Water Depots
  - c. Disposal Of Septic Tank And Cesspool Contents
  - d. Water Regulation Inspections
  - e. Treatment of Tankered Industrial Effluents
  - f. Fire Hydrants
